AIMS

This EC belongs to the UE: HUMANITIES
It contributes to the development of the following transversal skills :

CT7: Work in an international, intercultural context

--CT7.1: Communicate in a foreign language by allowing the student-engineer to develop
and be evaluated on the following learning outcomes:

The student CAN:

- understand and apply social codes from different countries
- have a conversation appropriate de the context
- confront communicational challenges of increasing difficulty
- produce diverse types of written expression
- understand authentic documents (written and audiovisual)
- talk about a society or a social phenomenon
- apply grammar and vocabulary covered in class

The target level of acquisition (A1-B2) is dependent on the level of group.

CONTENT

Instructors use CEFR methodology to design lessons toward the completion of complex
tasks that require the students to engage in the 5 linguistic activities, at a level and with
linguistic input that are appropriate for the group. In-class and/or guided independent
study of the forms and functions of the language is regular and adapted to the level of
the group.

In the first semester, themes covered include:

- language learning methodology (RC, OC, WP, vocabulary learning and grammar
training)
- oral presentation skills
- a topic about a society or a social phenomenon
