AIMS

This EC belongs to the UE: HUMANITIES
It contributes to the development of the following transversal skills :
CT7: Work in an international, intercultural context
--CT7.1: Communicate in a foreign language
by allowing the student-engineer to develop and be evaluated on the following learning
outcomes:
The student CAN:
-- understand and apply social codes from different countries
--have a conversation appropriate de the context
--confront communicational challenges of increasing difficulty
--produce diverse types of written expression
--understand authentic documents (written and audiovisual)
--talk about a society or a social phenomenon
--apply grammar and vocabulary covered in class
The target level of acquisition (B1-B2+) is dependent on the level of group

CONTENT

Instructors use CEFR methodology to design lessons toward the completion of complex
tasks
that require the students to engage in the 5 linguistic activities, at a level and with
linguistic
input that are appropriate for the group. In-class and/or guided independent study of the
forms and functions of the language is regular and adapted to the level of the group.
In the first semester, themes covered include:
--language learning methodology (RC, OC, WP, vocabulary learning and grammar
training)
--oral presentation skills
--a topic about a society or a social phenomenon
